## **EXECUTIVE SUMMARY**

The Region I Field Investigation Team of the NUS Corporation (NUS/FIT) was tasked by the U.S. Environmental Protection Agency to develop a property ownership map of the New Bedford Harbor area. As a result of this tasking NUS has prepared the following document which describes the site location, history, and property ownership of the New Bedford Harbor area dating back to the early 1940's.

Property lines and ownership histories were developed from the following sources:

- Town of New Bedford Assessor's Office
- Town of New Bedford Engineering Department
- Town of New Bedford Planning Department
- Town of Fairhaven Assessor's Office
- Town of Acushnet Assessor's Office
- Arthur C. Thompson Incorporated

## **1.0 INTRODUCTION**

### **1.1 Summary Of FIT Involvement**

NUS/FIT was tasked in February, 1983 to map industrial properties bordering New Bedford Harbor. In partial fulfillment of Technical Directive Document (TDD) F1-8302-01 (Appendix A) issued by EPA, NUS is submitting a document which lists property ownership along the Acushnet River from the early 1940's to the present.

### **1.2 Scope of Work**

The objective of this document is to map and research property and ownership history of New Bedford Harbor. The areas of focus are the waterfront properties and their respective ownership from the early 1940's to the present.

2

## **2.0 SITE DESCRIPTION**

### **2.1 Site Location**

New Bedford Harbor is located in southeastern Massachusetts at longitude  $70^{\circ} 54' 30''$ , latitude  $41^{\circ} 37' 00''$ . The harbor consists of the last six miles of the Acushnet River before it enters the Atlantic Ocean at Buzzards Bay. The river at sea level is therefore affected by changes in the tide; however, the general direction of flow is from north to south. The three towns that border the harbor are New Bedford, Acushnet, and Fairhaven.

### **2.2 Site History**

There have been two changes on the coastline that have occurred during the time from 1940 to present. One change extensive enough to merit additional maps (7A, 8A) was due to redevelopment and expansion of the coastline. The other change involved filling of portions of the harbor which created an additional three lots (Plate 14).

Historically, the harbor has sustained a variety of industrial and commerical activities. The western side (New Bedford) of the harbor supports the majority of industrial activity. The eastern side (Fairhaven) is almost exclusively seafaring industry and residential.

Industry along the harbor appears to have changed little, with most of the large companies still in existence. Generally, companies that have changed ownership have continued with the same type of industrial acitivity.

## **3.0 APPROACH**

### **3.1 Initial Screening**

All maps and information for this report were gathered from the sources listed in Section 3.3. Initial screening involved the gathering of all maps that border the harbor. This included a total of 63 maps from three different towns. A list was then compiled of all properties which border the waterfront not listed as residential. The result is a listing of 336 non-residential waterfront properties.

### **3.2 Background and Reduction**

The property list was then taken to the Town Assessor's Office to copy all available information regarding the ownership history of each lot. The copied information was then interpreted and transferred onto blueprint maps.

The prints were then traced so that they could be reduced and put into a workable format for this report. A list of lot history for each plate was then compiled to correspond to each plate. The relevant lot history can be found on each plate, listing owner and years of ownership for each lot.

### **3.3 Sources Of Information**

The following sources of information were utilized in compiling the maps and site histories presented in this document.

- Town of New Bedford Assessor's Office
- Town of New Bedford Engineering Department
- Town of New Bedford Planning Department
- Town of Fairhaven Assessor's Office
- Town of Acushnet Assessor's Office
- Arthur C. Thompson Incorporated
